

GREENHOUSE GAS INVENTORY CERTIFICATE

No.:55124TZ00025R0M

Jiangyin Huaxin Special Alloy Materials Co., Ltd .basis:

ISO14064-1: 2018 norms and guidelines for quantification and reporting of greenhouse gas emissions and elimination at the organizational level

ISO14064-3: 2019 guidelines for the validation and verification of greenhouse gas statements 2006 IPCC guidelines for national greenhouse gas inventories

IPCC 2006 national greenhouse gas inventory guidelines 2019 revision

Verify and certify the greenhouse gas emissions of Jiangyin Huaxin Special Alloy Materials Co., Ltd. during the reporting period from January 2023 to December 2023

After verification, the greenhouse gas emissions of Jiangyin Huaxin Special Alloy Materials Co., Ltd. during the reporting period were 133151.5922tCO₂e

Emission category		Certified value
Direct GHG emissions 1	Fixed source emissions	1115.0877 tCO ₂ e
	Mobile source emissions	82.3232 tCO ₂ e
	Process discharge	4.5605 tCO ₂ e
	No organized emissions	23.4493 tCO ₂ e
Indirect GHG emissions 2	NET purchase of electricity emissions	4503.5912 tCO ₂ e
	NET purchase of steam emissions	231.1074 tCO ₂ e
Other indirect discharge 3	Transportation emissions	2654.3804 tCO ₂ e
Organization of product-related indirect greenhouse gas emissions category 4	Supply chain emissions	124515.3300 tCO ₂ e
	Waste Treatment discharge	21.7625 tCO ₂ e
Total greenhouse gas emissions		133151.5922 tCO ₂ e

Date of issue: Apr 19, 2024

Valid until: Apr 18, 2027

This Certificate may be valid if it is used in conjunction with the valid administrative license and qualifications prescribed by the State.

The certificate is invalid if the qualified mark of laser anti-counterfeiting supervision and audit is not pasted after the expiration of the date of supervision and audit.

First Inspection	Paste Supervision Audit Qualified mark	Second Inspection	Paste Supervision Audit Qualified mark
